- 4 x 40 Watts amplifier
- Permanent memory

The Blaupunkt Palma 190 BT is a well-equipped radio with extensive multimedia features.

From the front USB port for your music collection via the 3.5 mm jack front-AUX IN to the Bluetooth interface for phone calls and music streaming via your mobile phone, this unit leaves nothing to be desired.

Thanks to the clear, handy keys and the large, high-contrast display, the Blaupunkt Palma 190 BT can be used excellently without distracting from the traffic.

As a further highlight, the lighting of buttons and display can be individually adapted to the interior of the vehicle.
