

Tire Tread Depth Gauge

Features

- > Easily accesses tire tread from inside the wheel housing
- > Quickly captures 3 tire measurements (inner, center, outer)
- > Measures 4 to 7 wheels per vehicle
- > Measures with an accuracy of +/-1% + 0.0012 inches (0.03 mm)
- > Automatic calibration checks before every use
- > Vibrate and sound alerts indicate successful measurement
- > Displays results directly on the TPMS Pro, transfers data to a PC if required (including printouts and reports) or prints directly via the TPMS Pro thermal printer (available separately).
- > Robust accessory with rugged grip handle, gauge pin is stored inside the grip handle for protection when not in use
