Dear customer,

Out of safety and service points of view we would like to inform you about some important aspects with regard to the delivery and the mounting of a single towballs.

Brink Towing Systems B.V. can not accept any liability when a single towball is being delivered. The approval of the towbar expires in case of damage. This means that we can only deliver single towballs after you have returned the statement below, completely filled in and undersigned.

In the review below we have also mentioned some other important information. This information is important for the user as well as for the other road-users!

- For the torque of the bolts and nuts you have to use the value according to the table at the right (Nm).
- After 1000 km you need to check the bolts according to the table at the right.
- Legally it is not permitted to place the towball before the license plate. The license plate must always be legible.

Size	8.8	8.8 self locking	10.9	10.9 self locking
M10	46	41	71	60
M10x1.25	53		72	67
M12	79	71	121	104
M12x1.25	95	77	125	112
M14	125	113	197	165
