

UHP - RFT upgrade kit (WdK)

UHP and RFT upgrade kit according to WdK directive

1695105153

UHP-RFT upgrade kit according to WdK directive

(VAS 6279/1 ASE 421 111 00 000)

for retrofit on existing tyre changers MS 45 - MS 65 OR.RAC.
This retrofit kit is to be used as an assistance for mounting /
dismounting of UHP and Run-Flat-Tyres and has to be fitted
to the TECHNOROLLER SL of the MS 65 OR.RAC. It is
pushing the tyre bead during rotation carefully for the tyre
and the rim into the deep rim bed.

General Information on Tire Changing

Particularly UHP (Ultra High Performance) and RSC (Runflat) tyres place high demands on removal and fitting operations. This concerns both the technical requirements relating to the fitting machine as well as its operation.

In addition to the devices presented in this section, you will also find additional information material here
